## About Factory

One of the top recognized confectionery manufacturing factory of Uzbekistan.

The history of the company “Candy Gold” LLC began in 2006.

The production was started with a line of fondant sweets from one workshop.

Today, the company employs more than 200 people, 9 workshops, expanded the business and launched the production of various varieties of sweets and other confectionery products.

After launching new lines from Germany, Italy, Austria and other European countries, our factory has increased the production of confectionery products and its export to internationally.

Export team of the company has increased the potential of the enterprise; currently, factory actively exporting to over 16 countries.

In 2017, the factory acquired a high-tech German line from the WDS company for the production of sweets.

In 2019, we acquired a line for the production of wafer rolls from Austrian’s top company the Haas.

In 2022, our company acquired an Italian robotic line for the production of cupcakes from TTI Italy.

Today, the company is actively working to modernize the enterprise, this concerns not only high-tech lines, but also attracting highly qualified specialists from overseas for the training of its employees.

The company’s team of technologists never cease to amaze consumers with original and innovative sweets. Products of the Candy Gold trademark are recognized and loved globally, the message of our company is to give joy with its products.
